

**REMARKS**

The Examiner's allowance of claims 1-3, 35-37 and 65 is noted with appreciation.

It is also noted with appreciation that claim 5 is allowable; to this end, said claim has been rewritten in independent form – including the language of claim 4.

Further, claims 6 and 7 – previously dependent on rejected claim 4 – have been amended to be dependent upon claim 5. It is respectfully submitted that this amendment brings these claims into order for allowance at least by virtue of being dependent on claim 5.

Rejected claim 4 has been cancelled; the Examiner's objection to this claim is now moot. The applicants reserve the right to file divisional applications or continuations on this, and other, cancelled claims.

For at least the foregoing reasons, it is urged that all pending claims (1-3, 5-7, 35-37, and 65) are in proper form and of proper scope for allowance and favorable consideration is respectfully solicited.

In view of the above amendments to the claims and replacement drawings, applicants believe the pending application is in condition for allowance.

Applicants believe no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 13-2855, under Order No. 27754/21720 from which the undersigned is authorized to draw.

Dated: June 16, 2006

Respectfully submitted,
